

Totara Field-day

23rd November 2016

Tōtara for timber + biodiversity + riparian management!

*See regenerating tōtara being used for multiple benefits on a dairy-farm.
See trees ready for harvest.
See young stands under management.*

*Hear how management can enhance biodiversity and riparian areas.
Hear the latest on the legal issues around milling tōtara.
Hear about initiatives to develop a regional industry.*

Discussion, in the field, on all the issues!

Who: Everyone interested in tōtara and land-management (e.g landowners, farm-foresters, land management agencies/consultants, environmentalists, timber industry – anyone).

Where: Rehford farms Ltd. 1792 Mangakahia Road, (approx. 3km north of Titoki and about 35mins drive from Whangarei). Follow the field-day signs!

When: 10:30am-2pm, Wednesday the 23rd November 2016

N.B. - Bring a drink, raincoat and gumboots (& 4wd if you have one).
Sausage sizzle provided!

Contact: Paul Quinlan for more details: (pdq@pqla.co.nz or ph. (09) 4050052)
