MacBlack Timber Ltd

Beautiful exotic timber sustainably harvested in New Zealand

MacBlack is a specialist timber merchant that mills, processes and retails a range of high-quality exotic timbers, providing beautiful and sustainable alternatives to standard pine and imported hardwoords. A solid timber joinery department also makes custom-made items, including barn doors and benchtops. The exotic timbers are offered in a number of finishes:

- Roughsawn
- D4S (dressed four sides)
- Flooring, cladding and decking.
